

How to Quickly Improve Self Discipline and Motivation

The key to self-discipline, and the consistent motivation that comes from accomplishment, is a MINDSET

Discipline = Freedom

- **Want to be financially free?**
 - You need financial discipline.
- **Want more free time?**
 - You need the discipline of managing your time more effectively.
- **Want the freedom of having a business that operates profitably?**
 - You need the discipline of creating great business system.

“Lack of discipline is NOT freedom. Lack of discipline is chaos.”
